Sir:

Applicant hereby petitions to accord the above-identified application "special" status.

This invention relates to ENVIRONMENTAL QUALITY and is believed to materially enhance the quality of the environment of mankind by contributing to the restoration of the basic life-sustaining elements - air, water, and soil. The invention is directed to waste elimination and reduction in many industries and municipalities thus precluding air, water and soil pollution with organics, heavy metals and other contaminants. A supporting declaration of Dr. Boris M. Khudenko under 37 C.F.R. 1.102 is enclosed.

Respectfully submitted,

*Boris M. Khudenko*
